## MESSAGE BY CEO

I am honored and excited to be a part of an institution dedicated to nurturing young minds and fostering a spirit of lifelong learning. Our vision is to provide a holistic educational experience that equips students not only with academic excellence but also with the skills, values, and confidence to thrive in an ever-changing world.

At JPS, we believe in creating an environment where each child is encouraged to explore their full potential, develop critical thinking skills, and build meaningful connections. From our early childhood education program to our senior classes, we are committed to offering a curriculum that blends traditional learning with innovative practices, ensuring that our students are well-prepared for the challenges and opportunities of the future.

Our team of experienced educators, support staff, and administrative professionals work together to create a safe, inclusive, and inspiring environment where every student is valued. We are dedicated to cultivate not only academic excellence but also emotional intelligence, creativity, and resilience.

As we embark on this journey of shaping the leaders of tomorrow, we invite you to join us in making JMK Public School a place where students grow, excel, and find their true passion.

Thank you for considering JPS for your child's educational journey. We look forward to partnering with you in their success.

Warm regards,  
Ar. Kanika Bajaj  
CEO, JPS

# THE SCHOOL CAMPUS

- Our campus consists of purpose built facilities and beautiful garden .The campus provides a perfect blend of aesthetics and functionality, creating an inspiring environment for learning and growth. Surrounded by lush green gardens, the school offers a refreshing atmosphere that promotes well-being and creativity.
- The vibrant, colorful chajjas add a touch of liveliness to the architecture, while the sleek steel louvered chajjas enhance both style and functionality by providing shade and ventilation.
- Every corner of our campus is thoughtfully designed to ensure a harmonious and stimulating space where students can thrive academically and personally.
- Our school's architectural features complement the natural environment, enabling us to cultivate the calm and peaceful atmosphere that our community values so highly.
- The outside environment of trees and greenery helps to create a sense of community in a village type setting. The phrase **“it takes a village to raise a child”** is particularly applicable when it comes to considering JPS for your family.

## KINDERGARTEN (NURSERY / KG / PREP. )

Away from the hustle-bustle on the streets, a step into the pre-primary section while being witness to the chitter-chatter of the little ones is a welcome change. An atmosphere as welcoming as their own home, teachers who love and care as their own family, an environment as safe as their own neighborhood is what Pre-primary is about. The transition from hesitant steps in the initial days in Nursery to confident and brisk ones, a couple of weeks later is a sight most relieving to parents and one of pride and happiness for the teachers. The 3 years from Nursery, through LKG and finally to UKG is an enlightening growth from self to an overall development, through the various competitions, activities, festivals, functions that are a part of the pre-primary education.

Pre primary education is crucial as it helps the students lay a solid foundation not only in their academic abilities but also in their social, physical and emotional development. At JPS we provide a warm and stimulating environment where the students not only learn but also love to learn. The Pre primary curriculum has been designed to nurture the small children and to develop their innate ingeniousness. Activity and game based learning has been incorporated in the curriculum to make learning fun and easy. The subjects that are taught for holistic development are English, Mathematics, EVS, General Science knowledge, Art and Craft, Rhymes, and Action Songs and Storytelling.

Co-curricular activities include Music, Dance and Field trips. JPS strongly believes in continuous assessment rather than periodical assessment with rote learning. Children are evaluated on a daily basis and his /her progress is closely monitored.

## PRIMARY WING ( I - V )

The Primary Division of JPS aims to ensure that every child learns through access to a broad and balanced curriculum which is adapted to challenge and support individual children. We strive to create a stimulating learning environment that will engage all children and make them want to learn. This means that they will develop a love of learning and a natural curiosity that will stay with them throughout their life. We follow the CBSE curriculum and are affiliated to RBSE Board.

Our pupils study the following subjects:

1. English Literature & Language
2. II language (Hindi/Sanskrit)
3. III language (Hindi /Sanskrit)
4. Mathematics
5. General Science/EVS
6. Social Studies
7. Computer Studies

## ASSESSMENT

Children are assessed regularly throughout their time at school.

### Classes I to III

Internal assessment techniques are used to evaluate the student through continuous and comprehensive evaluation which enables the teacher to ascertain each child's achievement.

### Classes IV & V

Two monthly tests and two terminal examinations are conducted in all the subjects during the academic year while encouragement is given to the thought mechanism and problem solving ability.

## PRE - FOUNDATION WING ( VI - X )

At JPS, we are committed to providing a well rounded education that nurtures academic excellence, critical thinking and personal growth. Our curriculum is designed to build a strong foundation for students from class 6th to class 10th, preparing them for future challenges and competitive examinations
